[Redacted],

Properly preserve the samples and ship them to arrive at the Analytical Laboratory first thing next week.
I have extended Case 48522 (Shiloh Church Rad Site) until October 22, 2019.

Subject: Shiloh Church Case 48552

Hello Jarmael,

My apologies for the late notice. The samples collected will not be shipped today due to a generator failure at the site. Would the lab be able to accept the samples on Saturday and would we be able to get an extension for this case until Monday or Tuesday (Oct 21 or 22)? If the lab cannot accept them on Saturday, they can be shipped for Monday or Tuesday delivery. Please advise.

Thank you,
